

2003 International Joint Conference on Neural Networks

Sponsored by the International Neural Network Society and the IEEE Neural Networks Society
July 20–24, 2003. Doubletree Hotel Portland-Columbia River, Portland, Oregon.

The annual INNS/IEEE International Joint Conference on Neural Networks (IJCNN), is one of the premier international conferences in the field. IJCNN'03 will cover all topics in neural networks, including: vision and image processing; auditory and speech processing; cognitive information processing; conditioning, reward and behavior; learning and memory; models of neurons and local circuits; systems neurobiology and neural modeling; neuroinformatics; reinforcement learning and adaptive dynamic programming; fuzzy neural systems; extended Kalman filters; support vector machines; principal component analysis and independent component analysis; Bayesian learning methods; biomedical applications; diagnostics and quality control and a variety of other topics. The full topic list can be viewed on the conference web page at www.ijcnn.net.

IJCNN'03 will have plenary addresses by several prominent researchers including Kunihiko Fukushima, Earl K. Miller, Terry Sejnowski, Vladimir Vapnik, and Christoph Von Der Malsburg. Several invited sessions will be included in the IJCNN'03 program.

Call for papers: On-line paper submission process for IJCNN 2003 will be open October 15, 2002 until the final deadline of January 29, 2003. For more information, please visit

IJCNN'03 organizing committee members:

General Chair: Donald C. Wunsch II, University of Missouri - Rolla

Program Chair: Michael Hasselmo, Boston University

Technical Co-Chair: DeLiang Wang, Ohio State University

Technical Co-Chair: Ganesh K. Venayagamoorthy, University of Missouri - Rolla

Tutorial Chair: Harold Szu, Office of Naval Research

Tutorial Co-Chair: F. Carlo Morabito, University of "Mediterranea" Reggio Calabria, Italy

Local Arrangements Chair: George Lendaris, Portland State University

Publicity Chair: Derong Liu, University of Illinois at Chicago

Exhibits Chair: Karl Mathia, Brooks-PRI Automation Inc., California

Student Travel and Volunteer Chair: Slawo Wesolkowski, University of Waterloo, Canada

International Liaison: William N. Howell, Mining and Mineral Sciences Laboratories, Canada
