

# 2009-2010 Estimated Educational Expenses

*Figures represent the best estimate at the time (April, 2009)  
and are subject to change without notice.*

The following budgets are **estimates** of educational expenses for the academic year beginning August 2009 and ending May 2010. All cost figures are averages, and tuition and fees estimates are based on current 2008-2009 costs; official tuition and fees rates will be determined by the Oklahoma A&M Board of Regents prior to the beginning of the Fall 2009 Semester.

**Your actual costs will vary.** Federal regulations require the Office of Scholarships and Financial Aid to include tuition/fees, room/board (average of on-campus and off-campus costs), books/supplies, transportation and other miscellaneous average costs when determining eligibility for financial aid. **You may spend more or less than these average estimates.**

To be considered as part of enrolled hours for purposes of financial aid, courses must be applicable to your degree. These budgets are used to determine eligibility for undergraduates enrolled in at least six (6) hours per semester and graduates enrolled in at least four (4) hours per semester. Some types of assistance, (for example, Pell Grant, Oklahoma's Promise/OHLAP) must be adjusted if enrollment is less than full-time, even though the educational expense budget remains unchanged. Budgets for students enrolled in fewer hours would include only tuition and fees and books and supplies.
