Notes: (A) The first Arts and Sciences honors degrees were awarded in May, 1969. A search of records prior to July, 1989, was made in a variety of sources which often were in conflict. Only those graduates whose official transcripts show "honors degree" are included on this list. The University Honors Program was instituted in the summer of 1989, and names shown for July, 1989, and thereafter have been verified through checks of transcripts and University Honors Program or The Honors College records. The University Honors Program became The Honors College in December, 2000.

(B) The terminology "Honors Program Degree" replaced "Bachelor's Degree with Honors" in December, 1996. The terminology "Honors College Degree" replaced "Honors Program Degree" in December, 2000.

(C) The "Honors College Degree with International Study Emphasis" was first awarded in May, 2006.
